THURSDAY, Oct. 31, 1912.

Orlando, by a large vote has declared in favor of a \$140,000 bond issue for putting in a complete and modern system of sewerage.

The Florida division of Confederate Veterans which were in session in Lake City last week named Pensacola as their place of meeting next year.

In your zeal for the success of the big candidates don't forget the smaller ones. Remember it is just as important that you support the county candidate as the nominee for president.

Congress appropriated by \$30,000 for child welfare, when it is known that about one-half of the race die before reaching the age of five years; while \$3,000,000 has been appropriated to raising hogs.

If democratic success would jeopardize the prosperity of the country why did the president and ex-president insure democratic success by dividing the republican party into warring factions.

No progressive republican should be deceived by the pretense that Roosevelt has organized a permanent new party. It is only a club he is using to beat the republican party into insensibility.

According to the census bureau's report the cotton ginned to October 18th, amounted to 6,838,841 bales, with is nearly 82,000 bales less than that ginned at that date last year, when a record crop was grown.

The republicans are claiming credit for good crops. Did they bring the rains? Well, hardly. If the republicans controlled the rainfall they would allow some monopoly to put a meter on the clouds and sell the showers at so much per drop.

RUN-DOWN PEOPLE

Made Strong by Vinol.

Run-down conditions are caused by overwork, worry, too close confinement, a chronic cough or cold which it is difficult to cure.

We want to say to every person in this condition—you need Vinol, our delicious cod liver and iron tonic without oil, the great strength creator. It will supply iron to the blood in the most easily assimilated form, create a good, healthy appetite, strengthen your digestive organs and make you eat better, sleep better and feel better.

A case has just come to our attention from West Scranton, Pa., Mrs. Chas. Proper says: "For three years I was all run down, weak and had no appetite, and after all that time I am glad to say Vinol has brought back my health and strength, which is just what I was told it would do."

We are confident that Vinol is the best body-builder and strength-creator we have ever sold.

Try a bottle on our guarantee to refund your money if it fails to benefit you.

Democratic Presidential Electors.

Every Democrat should familiarize himself with the names of the Wilson and Marshall electors before the election November 5th and to assist you in the matter we herewith give your their names, and, remember, they will not appear on the ballot in rotation as here given, but will be arranged in alphabetical order among about twenty-five or thirty other names. In order to vote a straight democratic ticket for president vote for these electors: JEFFERSON B. BROWNE. J. FRED DeBERRY. CHARLES E. JONES. W. CHIPLEY JONES. LELAND J. HENDERSON. H. C. SPARKMAN.

It would be imagined that England, with an area equal to that of Florida and a population of 36,075,269 (Florida only 715,139) would be densely crowded in all its parts, and that it would be impossible to get out of sight of people and houses; but there are some very lonesome places in England just the same, as the following from the London Standard shows: The Conservative agent said he had visited the place—a farm between Newcastle and Maltwhistle; and in an area of 30,000 acres there were only four cottages. The members of this farmer's family had lived in the cottage concerned for 600 years and tradition said that the kitchen fire had not been extinguished in over 200 years. The claimant had to walk fifteen miles to vote. The agent also said there was a child at that place who had not seen another child for two years.

No matter what you attempt, do your best, and let the gods and farries do the rest.

To the Electors of Washington County.

Most of you have at some time had occasion to complain at "the law's delay."

All of you know that "the law's delay" always postpones, and frequently defeats, the enforcement of legal rights and the administration of justice.

The people Duval, Nassau, St. Johns and Clay counties (comprising the Fourth Judicial Circuit) are complaining earnestly at "the law's delay."

BECAUSE they did not get any relief from the additional judges and circuits created last year, while every other circuit in the State did get relief;

BECAUSE the population of the counties mentioned, and the business in the circuit courts of these counties, is now more than four times greater than when the judicial machinery we have was provided;

BECAUSE it is not humanly possible for one man to do the work required of the judge of the Fourth Circuit.

The Legislature has recognized our need of the relief asked for, by proposing an amendment to the Constitution which is to be voted on in the whole state at the election next week.

The amendment will appear on the ballot as follows:

"For Constitutional amendment, Article V, creating an additional Circuit Judgeship for Duval county, salary and other expenses to be paid by Duval county."

The adoption of the amendment will promote the cause of justice;

The adoption of the amendment will cost you nothing;

If you do not object to the promotion of justice, free of cost to you, you are requested to vote for the amendment, and further assist a worthy cause by asking your friends and neighbors to do likewise.

Well Deserved.

The Praise That Comes From Thankful Chipley People.

One Kidney remedy has known merit.

Chipley people rely upon it. That remedy is Doan's Kidney Pills. Chipley testimony proves it reliable.

Mrs. M A Davis, Jackson St., Chipley, Fla., says: "I consider it pleasure to again recommend Doan's Kidney Pills in a public way. I think just as highly of this remedy now as I did three years ago after it cured me and I have had little or no kidney trouble since. I was in poor health quite a while and seemed to be growing worse. My nerves were all unstrung and I rested so poorly that when I got up in the morning, I was all tired out. My appetite was poor and I always felt languid. My daughter finally procured a box of Doan's Kidney Pills and I began using this remedy. The contents of the first box did me so much good that I continued to use it and before long I was in better health than I had enjoyed for years. I feel that I owe much to Doan's Kidney Pills.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other. (Adv)
